3A. The Minister may by order amend the Schedule.

4. (1) The functions of the Authority are

5. (1) Subject to subsection (2), no person shall establish or operate any radio or television station or use any apparatus or installation for the purposes of broadcasting except under and in accordance with a licence issued to him by the Minister and upon payment of such fee as the Minister prescribes.

(2) An application for a licence must be made in writing to the chairman of the Board in such form and containing such particulars as the Minister approves; and an application for permission to establish or operate a radio station or to use any apparatus or installation for the purposes of broadcasting must be made separately from an application to establish or operate a television station.

(3) The Board must, within 4 weeks from the date of its receiving an application submit that application to the Minister with a recommendation for the grant or refusal of the application, stating in either case, the reasons for its recommendation.
(4) The Minister may, upon receiving the recommendation of the Board, issue a licence to the applicant on such terms and conditions as he thinks fit or he may refuse the application.

(5) Every licence issued under this Act is effective for such period from the date of issue as the Minister may determine in each case and is renewable for a like period unless the Minister otherwise directs.

(6) No licence shall be issued to an applicant who controls a medium for the dissemination of news other than that in respect of which application is being made unless the management and operation of that other medium are being kept separate from the management and operation of the medium in respect of which the application is being made.

6. Where a licensee operates a radio station as well as a television station the 2 stations are, for all financial and operational purposes, to be treated as separate undertakings.

7. The Authority may, for the purpose of performing its functions under this Act, by notice in writing, require the operator of a radio station or television station to appear before the Authority and present such records in connection with such station as the Authority requires.

8. The Minister may assign such public officers as are necessary to assist the Authority in the performance of its functions.

9. Members of the Board and public officers assigned under section 8 to assist the Authority are entitled to payment of such travelling and other allowances as the Minister approves.

(g) the prescribing of anything that is by this Act authorised or required to be prescribed.

is guilty of an offence and is liable on summary conviction to a fine of $5,000 or to imprisonment for a term of 12 months or both; and the installation or apparatus in respect of which the conviction is obtained is liable to forfeiture.

(2) The Minister may, notwithstanding any penalty a court imposes on a person under subsection (1), revoke the licence issued to that person.

(3) A member of the Board who takes part in any matter in connection with his duties in which he has an interest is guilty of an offence and is liable on summary conviction to a fine of $5,000 or to imprisonment for 12 months or both; and in addition thereto he is, by virtue of such conviction, disqualified from being a member of the Board.

13. In any proceedings in respect of an offence under section 12(1), a person in possession of premises in or on which there is found any broadcasting or television apparatus or installation in respect of which no licence has been obtained under this Act or in respect of which no licence is in force, shall, unless the contrary is proved, be deemed to be the person who established or, as the case may be, is using that apparatus or installation.

14. A licensee shall, before the commencement of the operation of a broadcasting station and every year thereafter on the anniversary date of such commencement certify to the satisfaction of the Board that he has complied with all technical requirements made of him by an officer of the Ministry responsible for Telecommunications in pursuance of any law for the time being in force.
