ROGER BLACKMAN

SENIOR MANAGER IT | BARBADOS REVENUE AUTHORITY

Mr. Roger Blackman has been married for the last 20 years and is the father of two boys.

He would have graduated from the UWI Cave Hill Campus with a BSc after completing studies in Computer Science Physics and Mathematics.

His ICT career started in 1995 with the Land Tax Department who were in the process at that time, of acquiring an ICT system for tax administration.

He would have been deeply involved in the business process analyst, application development, network and database development that would have resulted in the ICT system used by the department up until 2014.

In 2014 Mr. Blackman joined the Barbados Revenue Authority as the Senior Manager IT with responsibility of leading the integration of five tax and revenue systems namely VAT (VETAS), Inland Revenue (ETAX), Customs and Excise (ASYCUDA), Land Tax (VTAX), Licensing Authority and BRA Smart Stream. This work is ongoing.

Outside of ICT he is actively running behind Karate, Taekwondo, drumming, steel pan, homework and any other activities the children may have. He considers his greatest joy is knowing Jesus as Lord and Saviour.

One of his vision statements are: **To be a world changer through the use of education.**
