## PROFILE

### Electrical Engineer & Software Engineer

Shannon Clarke is an electrical engineer who is passionate about the application of mobile technology to empower individuals and improve the standards of health & living throughout the world.

## EXPERIENCE

### Co-Founder, MediRevu & Carepoint Solutions

2014-Present

MediRevu helps patients manage their chronic conditions and take control of their health by sharing their treatment plans with caregivers and doctors. Doctors can also send treatment plans to patients via an online dashboard which enables them to manage their patients remotely, monitor patient compliance and provide immediate counselling inbetween doctor visits.

#### Accomplishments

- Winner in PitchItCaribbean (June 2016)
- Partnership with Caribbean Public Health Agency (2015)
- 1st place Digital Jam 3.0, Expert Developers Category (Jamaica)
